introduction to Adobe xd

OBJECTIVE

To build a successful career in the field of web development and graphic design, where I can utilize my creative and technical skills in projects like front-end development, WordPress customization, and visual design. I am self - self-motivated and hardworking individual aiming for a position that offers opportunities to grow, learn, and contribute meaningfully to innovative projects

EDUCATION

B.Sc. Computer Science 2018-2021
Andhra University

Intermediate MPC 2016-2018
Vivekanandha College

PROJECTS

JavaScript
to-do list & weather report & calculator &Quiz App
Clean logic, smooth interactions, and real-time functionality — my JavaScript projects reflect not just technical skill, but a passion for building practical, user-focused web applications

BootStrap
A responsive website for organic products, designed with Bootstrap to showcase natural goods with a clean and fresh layout

WordPress
Learned to build responsive and dynamic WordPress websites using Elementor, focusing on real-world applications like **buggy food App** and **SS Motors**

Figma
Designed a modern and responsive Instagram & My JioMart UI clone in Figma, focusing on layout, icons, and user flow

SRENGTHS

- Clean and visually appealing layout
- Demonstrates technical and design skills (JavaScript, WordPress, Illustrator, Photoshop)
- I am a self-motivated and hardworking individual
